

As a leader, it's important to have a complete set of skills to accelerate your personal, professional, and organizational performance. Townsend Leadership Program will get you there!

Learning Strategies to Expect

With our Competence + Character Leadership model, you'll learn how to focus on strategy and goals while cultivating high emotional intelligence to help grow a successful business.

The Leader's Path to Growth is a framework that highlights how the fruit of your success in your personal and professional life stems from roots of grace, truth, and time.

With these models, you gain the benefits of integrated leadership growth while experiencing personal support from your TLP group.

TLP Training Agenda

- Work Group:** Benefit from your team's collective knowledge during high-value, confidential SWOT analysis segments.
- Check In:** Chart stretch goals and individualized homework assignment progress at a roundtable for accountability and support.
- Didactics:** Participate in practical interactive leadership lessons based on Dr. Townsend's unique model.
- Process Group:** Gain understanding, feedback, and solutions from members who understand your situation. Collaborate to help resolve any hindrances to your leadership success.
- Homework:** Create a monthly assignment based on the day's training lecture session to build your skills through personalized actionable items that pertain to your specific stretch goals and new skills learned in the program.
- Individual Coaching Session:** Further your growth trends during tailored one-to-one time with your TLP Director.

HOW TLP WORKS

TLP Directors

Your TLP Director is vetted and trained by John Townsend. These individuals embody the Competence and Character Leadership Model.

TLP Members

TLP is an intensive and comprehensive program for leaders who are deeply invested in their professional and personal growth. Our members are from diverse backgrounds and industries.

Stretch Goals

Your Director and Team members will help you set and achieve three big-picture goals that are the most important to you. These goals impact your leadership, your organization, your vision, your relationships and your life.
